Update on DMAS/Magellan IACCT Implementation

Mr. Campbell and Mr. Reiner provided an update on the status of the changes to the CON process for all Medicaid eligible youth who are being referred for potential admission to a psychiatric residential treatment facility (PRTF) or therapeutic group home. Beginning January 2, 2017, assessments will be conducted by an Independent Assessment, Certification and Coordination Team (IACCT).

Mr. Reiner has scheduled a meeting for December 12 with stakeholders that have been involved in groups that have studied and made recommendations regarding CSA practices and residential treatment. The purpose of the meeting will be to review proposed CSA guidance on the IACCT process.

As requested by SLAT at its October meeting, a letter outlining concerns was sent to Secretary Hazel. During discussion the question was raised concerning whether or not implementation of the new DMAS regulations could be delayed and if the regulations have been issued or posted. Mr. Campbell noted that the regulations have not been issued or posted as they are waiting to be certified by the Attorney General's Office. There is no plan to delay implementation of the regulations.

Mr. Reiner explained that CSA will continue to provide funding for services as duly authorized by the CSA process. At the conclusion of the update, Mr. Campbell and Mr. Reiner received and addressed comments and questions from SLAT members and guests.

Continued Development of the SLAT Work Plan

Dr. Temoney explained that the remainder of the meeting would be used to continue discussion of the SLAT Work Plan based on the goals and strategies for the FY16-FY18 biennial plan endorsed by the SEC and SLAT at their joint retreat last December.

Dr. Temoney asked that SLAT members consider three to five key areas to inform the strategies and or activities identified for SLAT in the strategic plan. Mrs. Reilly-Jones noted that it would be beneficial to use the reports made to the General Assembly to provide a framework for the discussion.

As discussion proceeded several areas of interest were discussed. SLAT agreed to begin by reviewing congregate care, which includes the areas of foster care, IEPs, access, and prevention. SLAT members were asked to submit their questions about congregate care to Dr. Temoney so that action items can be developed at SLAT's February meeting.

Member Updates

Brian Campbell reported on a new benefit through Medicaid to address the opioid epidemic in Virginia. The Medicaid Addiction and Recovery Treatment Services (ARTS) benefit will become effective April 1, 2017. Phase one of implementation begins January 2017 with network development and training.

Adjournment

There being no further business, the meeting adjourned at 12:00 p.m. on a motion by Angela Neely seconded by Susan Aylor and carried.
