Virginia’s Three Developmental Disability (DD) Waivers & Commonwealth Coordinated Care Plus (CCC PLUS) Waiver

May 2, 2018

Teri Morgan, MBA/HCM
Department of Medical Assistance Services
Agenda for Today’s Session

• About Medicaid
• What is a Home and Community-Based Services (HCBS) Medicaid Waiver?
• Overview of Virginia’s 3 DD Waivers
• Overview of the CCCPlus Waiver
• Q –n- A
About Medicaid...
Our Mission Remains Unchanged

Ensure Virginia’s Medicaid Enrollees Receive Quality Health Care

As DMAS drives improvement and innovation, our mission remains the same.
Virginians Covered by Medicaid/CHIP

1 in 8 Virginians rely on Medicaid

Medicaid is the primary payer for behavioral health services

Medicaid covers 1 in 3 births in Virginia

33% of children in Virginia are covered by Medicaid & CHIP

2 in 3 nursing facility residents are supported by Medicaid

62% of long-term services and supports spending is in the community

Medicaid plays a critical role in the lives of over 1.3 million Virginians
Who Medicaid Serves

**Growing Kids:** Every baby deserves a healthy start and DMAS focuses on keeping children healthy through the Medicaid and the Family Access to Medical Insurance Security (FAMIS) programs. Medicaid and FAMIS cover the medical and dental care that growing children need.

**Pregnant Women:** Good health care during pregnancy is important for both mother and baby. The FAMIS Moms Program assists pregnant women with regular prenatal and dental care to increase the likelihood for healthy birth outcomes.

**Older Adults:** Medicaid is the primary payer for long term services and supports for Virginia’s aging population. The use of home and community based waivers allow individuals to receive the care and support they need in the comfort of their own home.

**People with Behavioral Health Conditions:** Virginia Medicaid provides an array of behavioral health and addiction and recovery treatment services to all enrollees.

**Individuals in the Community:** Home and Community-Based Services (HCBS), like the Community Living Waiver, help enrollees transition to community settings of their choice as an alternative to institutionalization.
Medicaid coverage goes beyond traditional health insurance

- Behavioral Health
- Long-term Services and Supports (LTSS)
- Addiction and Recovery Treatment Services (ARTS)
- Early and Periodic Screening, Diagnostic, and Treatment Benefits (EPSDT)

Nearly 50% of DMAS expenditures are for services not covered in commercially available health insurance
About Medicaid...

Medicaid Population

Coverage in Virginia
SFY 2016

- Elderly
- Individuals with Disabilities
- Children in Low Income Families
- Parents, Caregivers, and Pregnant Women
Virginia Medicaid: Enrollment & Expenditures

Virginia is 46th in the nation for per-resident spending on Medicaid.

The national average annual growth in per-enrollee Medicaid spending was 3.1% for 2007-2013, while Virginia’s growth averaged just 2.0%.

The vast majority of Medicaid spending increases are from new waiver enrollment.

Expenditures are disproportionate to the population where services for older adults and individuals with disabilities drive a significant portion of Medicaid costs.

Virginia is 46th in the nation for per-resident spending on Medicaid.

The national average annual growth in per-enrollee Medicaid spending was 3.1% for 2007-2013, while Virginia’s growth averaged just 2.0%.

The vast majority of Medicaid spending increases are from new waiver enrollment.

Expenditures are disproportionate to the population where services for older adults and individuals with disabilities drive a significant portion of Medicaid costs.

Enrollment vs. Expenditure SFY 2017

- Parents, Caregivers & Pregnant Women: 12%
- Children in Low Income Families: 20%
- Individuals with Disabilities: 48%
- Older Adults: 20%

28% of the Medicaid population drives 68% of total expenditures.
About Medicaid...

Medicaid Budget:
Only 2.2% of the total DMAS budget is for administrative expenses

Total FY17 Budget

97.5% of the DMAS budget funds medical expenses

68% of Administration funds are for IT and contract expenses

*Note: Health IT Incentive Payments are funded by 100% federal funds.
About Medicaid...

Funding Medicaid Coverage

- State Appropriates General Funds
- State Receives Federal Match (50%-95% Match Rate)

- DMAS Pays for Member Health Care Services
- DMAS Provides 95% of Medicaid Members
- DMAS Provides 5% of Medicaid Members

- Fee-For-Service (FFS) Providers Paid Directly
- Managed Care: MCO Coordinates Care and Contracts with Providers to Deliver Services
Medicaid eligibility is based on...

- countable income
- membership in a covered group
- Virginia residency
- citizenship status

We’ll talk more about eligibility specific to the waivers
Medicaid HCBS waivers provide opportunities for individuals eligible for an institutional level of care to receive services in their own home or community rather than an institutional setting.
States can waive certain Medicaid program requirements under HCBS Waivers, including:

- **Statewidensess**: Lets States target waivers to areas of the state where need is greatest, or where certain types of providers are available.

- **Comparability of services**: Lets States make waiver services available only to certain groups of people who are at risk of institutionalization.

- **Income and resource rules applicable in the community**: Lets States provide Medicaid to people who would otherwise be eligible only in an institutional setting, often due to the income and resources of a spouse or parent.
State HCBS Waiver programs must:

- Demonstrate that providing waiver services won’t cost more than providing these services in an institution
- Ensure the protection of people’s health and welfare
- Provide adequate and reasonable provider standards to meet the needs of the target population
- Ensure that services follow an individualized and person-centered plan of care
Virginia has four (4) 1915(c) HCBS waiver programs. DMAS is the state Medicaid authority for each of the four waivers.

- In addition to being the administrative authority, DMAS is also the operating agency for the CCC Plus Waiver. In 2017 the Elderly or Disabled with Consumer Direction (EDCD) Waiver and the Technology Assisted Waiver (Tech Waiver) were combined to become the CCCPlus Waiver. This waiver is the community alternative to the a nursing facility placement.
What is an HCBS Medicaid Waiver?

- The Department of Behavioral Health and Developmental Services (DBHDS) is the operating agency for the three DD waivers: Community Living, Family and Individual Supports and the Building Independence Waivers. These waivers are the community alternative to the institutional setting of an ICF/IID.
Waivers for people with DD
Redesign of the DD Waivers

New DD Waivers were implemented September 1, 2016:

- New DD definition
- Single statewide waiting list
- Streamlined access
- Progressive levels of support
- Rate methodologies
- Enhanced reimbursement that incentivizes smaller settings
Integrated DD Waiver Redesign

**Building Independence Waiver**
*For adults (18+) able to live independently in the community.*
Individuals own, lease, or control their own living arrangements and supports are complemented by non-waiver-funded rent subsidies.

**Family & Individual Supports Waiver**
*For individuals living with their families, friends, or in their own homes,* including supports for those with some medical or behavioral needs.
*Available to both children and adults.*

**Community Living Waiver**
*Includes residential supports and a full array of medical, behavioral, and non-medical supports.* Available to adults and children. May include 24/7 supports for individuals with complex medical and/or behavioral support needs through licensed services.
DD Waivers’ Eligibility Factors

- Possess a diagnosis of DD
- Meet level of care criteria (determined by the Virginia Individual DD Eligibility Survey (VIDES))
- Meet Medicaid financial eligibility
- Accept services within 30 days
§ 37.2-100. Definitions

"Developmental disability" means a severe, chronic disability of an individual that (i) is attributable to a mental or physical impairment, or a combination of mental and physical impairments, other than a sole diagnosis of mental illness; (ii) is manifested before the individual reaches 22 years of age; (iii) is likely to continue indefinitely; (iv) results in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency; and (v) reflects the individual's need for a combination and sequence of special Interdisciplinary or generic services, individualized supports, or other forms of assistance that are of lifelong or extended duration and are individually planned and coordinated.

An individual from birth to age nine, inclusive, who has a substantial developmental delay or specific congenital or acquired condition may be considered to have a developmental disability without meeting three or more of the criteria described in clauses (i) through (v) if the individual, without services and supports, has a high probability of meeting those criteria later in life.
DD Waivers’ Waiting List Criteria

Three Priorities
DD Waivers

Priority One Status

At least one of the following:

• An immediate jeopardy exists to the health and safety of person due to primary caregiver condition (and no other caregivers).

• An immediate risk to the health or safety of the individual, primary caregiver, or other person living in the home due to either of the following:
  ➢ behavior presenting a risk/cannot be managed
  ➢ physical/medical needs, presenting a risk/cannot be managed

• Lives in an institution with a viable discharge plan OR

• A young adult who is no longer eligible for IDEA services (<27)
DD Waivers

Priority Two Status

At least one of the following:

• Health and safety of person likely to be in future jeopardy due to
  ➢ unpaid primary caregiver(s) having a declining chronic or long-term physical or psychiatric condition that limit ability
  ➢ no other unpaid caregivers available; and
  ➢ skills are declining as a result of lack of supports;
• At risk of losing employment supports;
• At risk of losing current housing due to a lack of adequate supports and services; or
• Needs or desired outcomes that with adequate supports will result in a significantly improved quality of life.
DD Waivers

Priority Three Status

**At least one** of the following:

- Receiving a service through another funding source that meets current needs;
- Is not currently receiving a service but is likely to need a service in five or more years; or
- Has needs or desired outcomes that with adequate supports will result in a significantly improved quality of life.

<td><strong>5,385 Individuals</strong></td>
<td><strong>3,934 Individuals</strong></td>
</tr>
</tbody>
</table>

Total Waiting List = 12,469 (3/30/2018)
To be considered for slot assignment, an individual must:

✓ Be determined to meet one of the Priority One criteria
✓ Accept the specific Waiver if it were offered

And continue to...

✓ Meet diagnostic and functional eligibility requirements
✓ Be willing to accept services within 30 days

CCC Plus

Primary goal is to improve health outcomes

- New statewide Medicaid managed care program beginning Aug 2017 for over 214,000 individuals
- Participation is required for qualifying populations
- Integrated delivery model that includes medical services, behavioral health services and long term services and supports (LTSS)
- Care coordination and person centered care with an interdisciplinary team approach
CCC Plus

- 65 and older
- Adults and children living with disabilities
- Individuals living in Nursing Facilities (NFs)
- Individuals in Tech Assisted Waiver
- Individuals in EDCD Waiver
- Individuals in the 3 waivers serving the DD populations for their acute and primary services
- *CCC and Medallion 3 ABD populations transition to CCC Plus
Individuals on a DD Waiver receive their acute and primary care medical services through CCC Plus.

**DD waiver services** are carved out of CCC Plus and covered through fee for service.

**EPSDT services** that are available in the DD waiver are carved out of CCC Plus and covered through fee for service.

- Personal Care
- Private Duty Nursing
- Assistive Technology

DD Waiver services are managed by the DD Support Coordinator.
In 2017 the Elderly or Disabled with Consumer Direction (EDCD) Waiver and the Technology Assisted Waiver (Tech Waiver) were combined to become the CCCPlus Waiver.

This waiver is the community alternative to a nursing facility placement and individuals must meet the nursing facility eligibility criteria.

A local preadmission and hospital screening teams complete the Virginia Universal Assessment Instrument (UAI) to determine eligibility.
CCC Plus Waiver Services

- CCC Plus Waiver service may be used while on a wait list for a DD Waiver (one must meet criteria for both waivers); and
- CCC Plus Waiver offers two methods of service delivery 1) agency-directed and 2) consumer-directed*

- Adult Day Health Care
- Personal Assistance Services*
- Private Duty Nursing
- Respite care*
- Services Facilitation*

- Assistive Technology
- Environmental Modifications
- Personal Emergency Response System and Medication and Monitoring (PERS)
- Transition Services
EPSDT and CCC Plus Waiver

- Personal Care, Private Duty Nursing, and Assistive Technology are available through EPSDT for members under age 21
- Members may be authorized for personal care services through EPSDT, the waiver, or both
- EPSDT may be used to authorize all personal care services for eligible members
Private Duty Nursing in CCC Plus

- Continuous in-home nursing services, not covered under home health
- Provided by a RN or LPN
- Participants must be technology dependent and require continuous skilled nursing care
- Must meet criteria on the Technology Assisted Waiver Pediatric Referral form 109
