- Underexplored potential for HFW in VA

Intensive Care Coordination (ICC)

Continuum of Service

System Level

Child/Youth/Family

Intensive Care Coordination, referrals through the Family Assessment and Planning Team (FAPT)

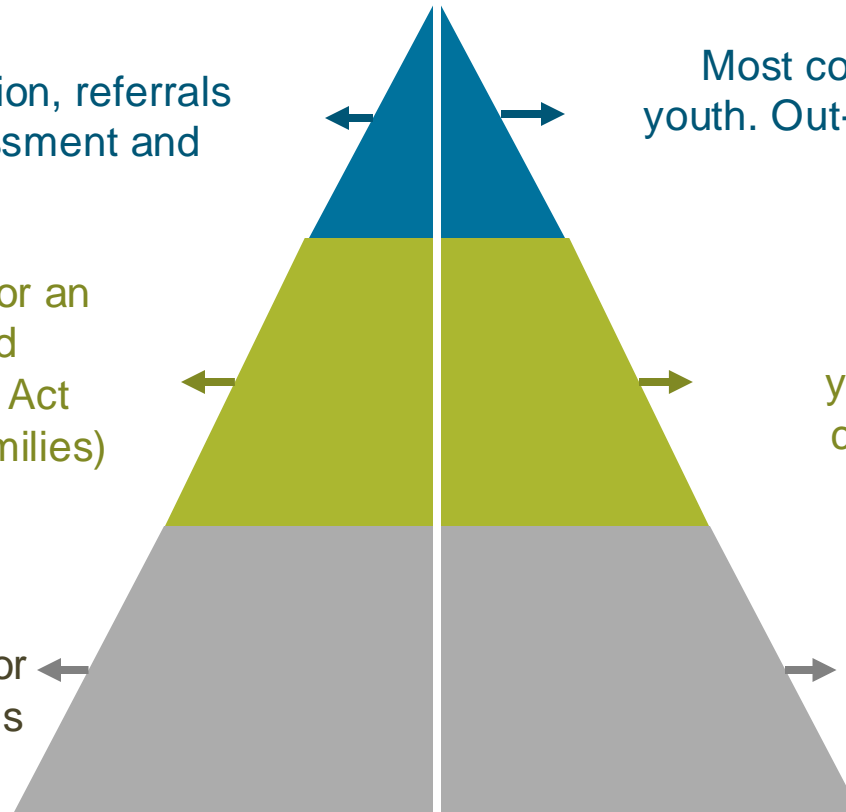

Referrals through FAPT for an array of community-based CSA (Children's Services Act for At-Risk Youth and Families) funded services

Services covered under routine agency activities or traditional funding streams

Most complex, often multi-system youth. Out-of-home, or risk of out-of-home placements

Moderately complex youth, requiring an array of community-based services

Least complex youth. Do not require extensive case management or services

High Fidelity Wraparound

A team-based, collaborative process for developing and implementing individualized care plans for children with behavioral health challenges, and their families.

Goals of HFW

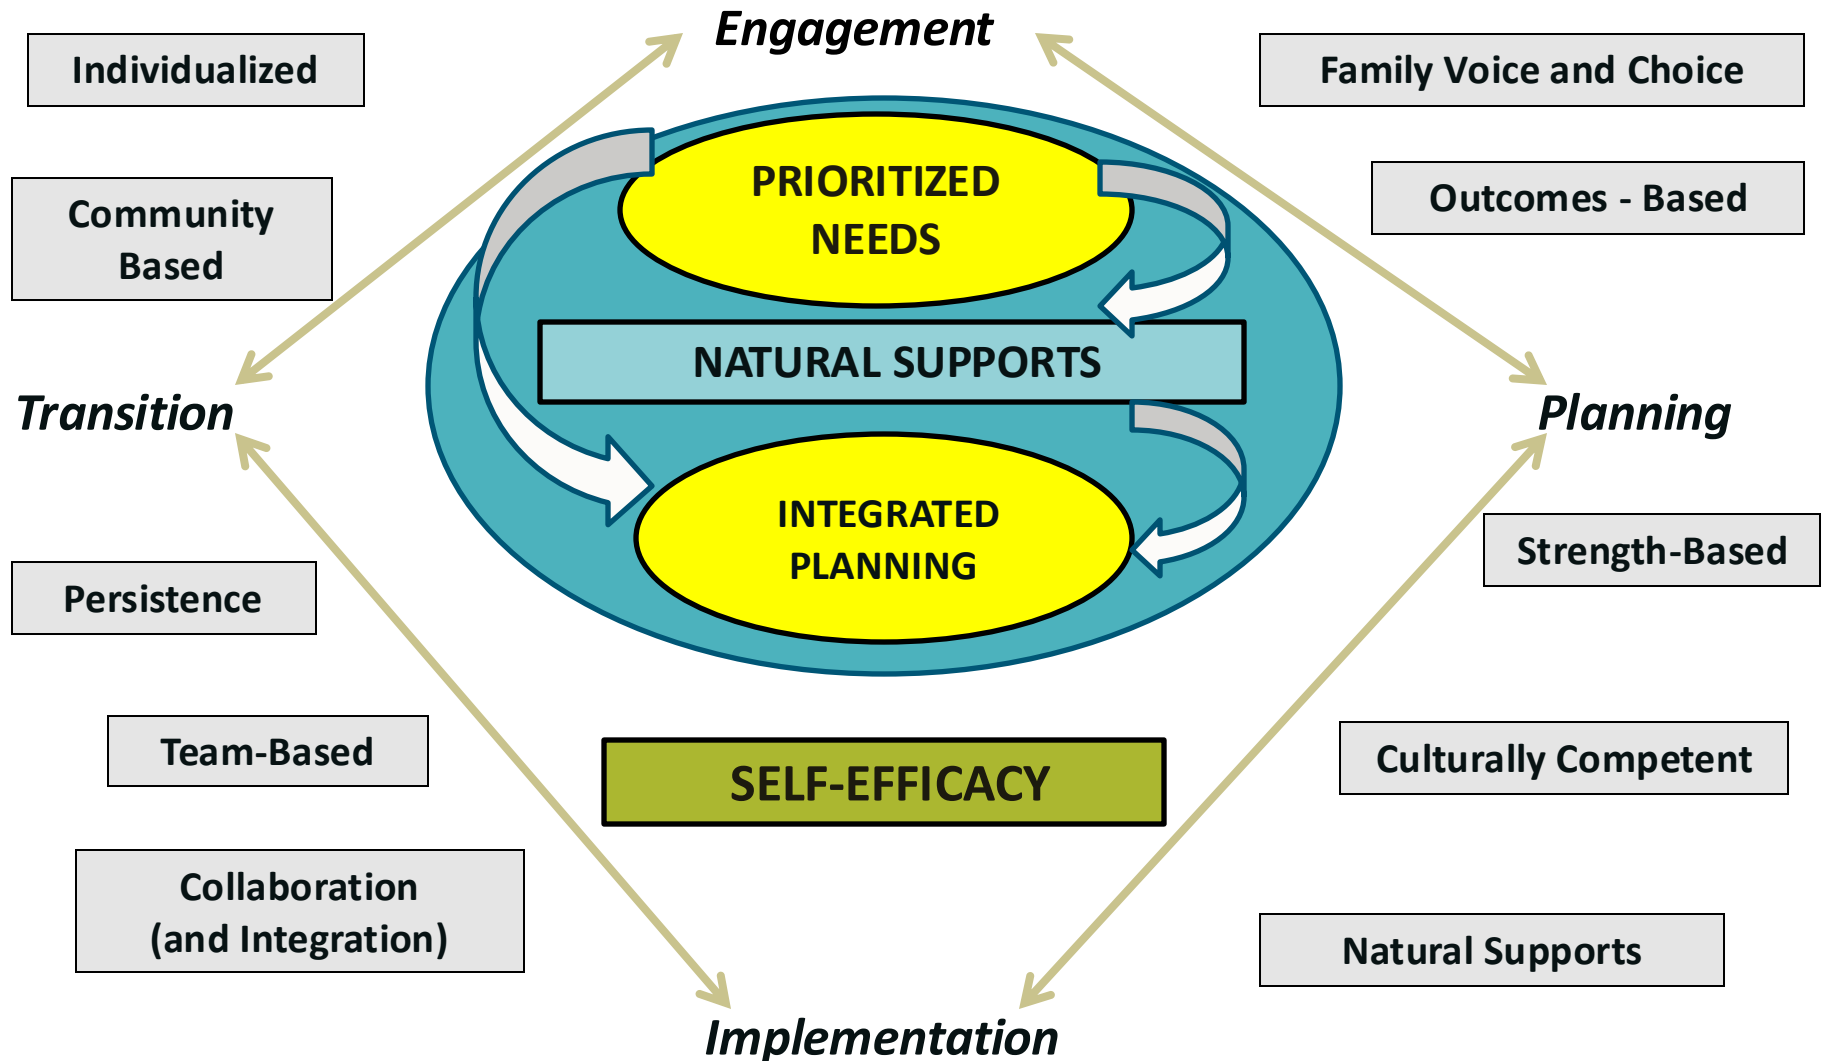

To meet the stated needs prioritized by the youth and family

To improve the youth/family's ability and confidence to manage their own services and supports

To develop or strengthen the youth/family's natural support system over time

To integrate the work of all child serving systems and natural supports into one streamlined plan

HFW Framework

Self-Efficacy

Do For, Do With, Cheer On...!!!

Monitoring Progress

- Family Vision
- Team Mission
- Measurable Strategies

Who Is On The HFW Team?

- The youth and family
- The HFW workforce
- Natural supports
- Lead CM
- System/agency partners (including therapists, education personnel, etc.)

What Does The ICC Do?

- Completes the required activities for each of the four phases of HFW
- Ensures the strengths, needs and culture of the youth and family are understood and drive the process
- Engages professionals, understanding their system mandates and ensuring the process integrates planning
- Facilitates efficient, effective and safe team meetings
- Monitors outcomes; team mission, family vision and measurable strategies
- A HFW facilitator is the keeper of fidelity for the team

What Does a Family/Youth Support Partner Do?

- Ensures youth and family voice and choice
- Promotes and strengthens healthy relationships
- Assists people working with the youth and family to understand their culture
- Uses their personal story to teach through experience

ICC Facilitator	Family/Youth Support Partner	Agency Case Manager
Orients youth, family and all team members to HFW. Collects information from youth, family and team members on strengths, needs and culture.	Uses lived experience to build trusting relationship. Gathers information from family and youth to ensure family and youth voice in process.	Knows historical information and assessment data. Often has long-standing relationship with youth and family.
Preps family and all team members prior to each team meeting.	Meets with the family and youth to identify their prioritized needs.	Expert on system (permanency, safety, court, school, etc.) needs and concerns; essential for an integrated plan.
Facilitates the monthly HFW Family Team meetings.	Ensures youth and family voice drives team meetings. Reminds team of youth and family strengths and culture.	Participates in monthly HFW team meetings, is the link to the bigger system.
Guides planning process and follows up with all team members on their action steps. Monitors fidelity to the HFW framework.	Assists family and youth with completing their action steps + have their own action steps.	Attends HFW team meetings, have action steps on the plan. Assures planning aligns with system mandates.
Ensures all team members are kept informed and engaged. Ongoing communication with youth, family and team members.	Helps build and repair relationships; does the team understand the youth/family and does the youth/family understand the team?	Ongoing case management duties. Keeps team up to date on system/agency progress and concerns.
Ensures the family and team and progressing towards family vision and team mission and guides transition planning.	Transfers skills...Do For, Do With, Cheer On...!!	Contributes agency expectations related to transition. Ongoing link to bigger system.

Underexplored Potential for HFW

HFW and Prevention

HFW and Permanency

HFW and Transition-Age Youth

HFW and Special Education

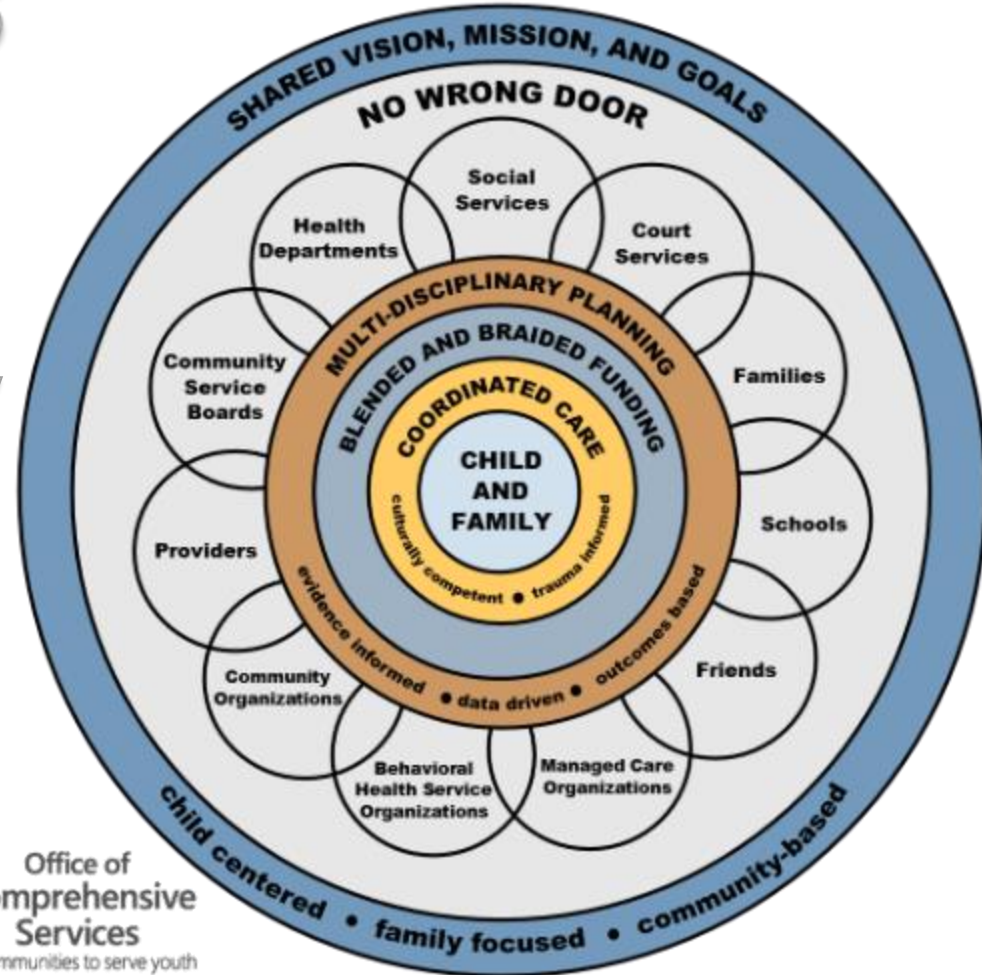

Consider HFW/ICC when...

- The family is involved with multiple systems and/or services
- The family is frustrated, overwhelmed or distrustful of the system
- The family needs a crisis prevention plan that everyone uses consistently
- The family is without natural supports

"If you know what to do, do that. If you don't know what to do, do HFW"
